

THE ALMA RECORD.

VOL. XL—NO. 42

ALMA, MICHIGAN, THURSDAY AFTERNOON, JANUARY 16, 1919

WHOLE NUMBER 2078

PETITIONS MUST BE FILED SOON

Must Be in Hands of City Clerk
By February 15 According
to Charter.

PRIMARY COMES IN MARCH

All Candidates for City Offices Must
Comply With These Require-
ments to Run.

Petitions to obtain the printing of the names of candidates for elective offices under the charter on the primary ballots for the primary election must be filed with the city clerk not later than February 15, under the charter, which is operative for this purpose.

The charter calls for petitions for the offices of mayor and each of the four offices of commissioner, which must be signed by not less than twenty-five or more than fifty qualified voters of the city. In signing the petitions, the voters must give their street address and the date of signing the petition. The affidavit of the person for whom the petition is intended must accompany the petition and indicate that he is a candidate for the office. Forms for the petitions are procurable at the office of the city clerk.

When the petitions have been completed and filed with the clerk it is his duty to verify the signatures, which appear thereon, and if they conform with the charter requirements, to publish them in one or more newspapers for two issues.

Under the charter the petitions must be filed at least twenty-one days before the non-partisan primary election is held. This election will come on Friday, March 15.

The petitions must also be used in the wards by the candidates for supervisor, not less than ten or more than twenty-five names being necessary in this case.

At the non-partisan primary election the names of the two candidates for each office, who received the highest and next highest number of votes will be selected and printed on the official ballot for the April election.

Due to the short time before the petitions must be filed there is now considerable agitation regarding the matter and it is expected that a number of petitions will shortly appear for signatures. It should be borne in mind in this respect that it is unlawful to sign more than one petition for the same office, except where more than one person is to be elected.

It is understood that one or two members of the present council are contemplating being candidates for city commissioners, and it is more than possible that some members of former councils will get into the race for the city commission.

SOPHS WON

Startling Feat With Gun Brings
Down Freshman Flag at College.

College spirit and class spirit, mixed for three months by the S. A. T. C. at Alma College has broken loose, particularly in this true of that madness, known on the campus as class spirit, which made its appearance yesterday.

The Freshies, unaware of the fact that the flag pole at the college was not to be used for class rushes and other things smacking of "class," conceived the idea of putting the class flag bearing a "22" on the flag pole, feeling that with their superior numbers that any attempt on the part of the Sophs to tear it down would be vain.

The Sophs, like the Freshies, realizing that it was foolhardy for them to attempt to fight through the Freshies and climb the pole and pull down the flag, thereby winning the honors of the day. They were determined, however, that down it must come, and down it did come, because the Freshies had forgotten that three months of S. A. T. C. training, before the close of a world war leads to big ideas.

The Sophs had one and "Bill" Richards was elected to carry it out—it was nothing else than to shoot down the Freshie emblem. Now Bill is the lord of the campus, in three shots he had severed the rope that held the Freshies bunting aloft, and brought victory to his class.

SPLENDID RECITAL

Faculty Recital One of Best Given
in Years.

The students and faculty of Alma College were indeed entertained in a most delightful manner last Wednesday evening. The recital given by the faculty of Alma College, Miss Grace Dargan Roberts and Mr. Albert Edwin Hooper, is one long to be remembered by all who heard it. Miss Roberts played her numbers in her usual charming manner of polished sweetness and delicate feeling. Professor Hooper, whose voice is of a beautiful quality, presented his songs in a most exquisite way. We were all glad to hear more of Professor Hooper's singing, for the deep and rich qualities of his voice have delighted everyone. The program was as follows:

WILL HOLD FREE

CLINIC IN ALMA

Tuberculosis Clinic Will be Held
In Alma During the Latter
Part of Month.

The free tuberculosis clinics to be held in Alma, January 30 and 31, are entirely a service to the public; they are not a propaganda for any individual or organization and they are not a business proposition. The Michigan Anti-tuberculosis association, in charge of the clinics, was established to do just such work.

The organization has no other object than to combat tuberculosis in every way open to it. There are a number of other methods by which the campaign against the white plague is being carried on, but few of them are looked upon as more important than the holding of these free clinics. They bring the association into close contact with the people of the state and give opportunity for advising large numbers of people as to the best way of maintaining health or of regaining it if they have become physically run down.

The Michigan Anti-tuberculosis association would like to have the general public regard the free clinics as a public service, because that will help the public to learn to visit these clinics freely. It is perhaps natural to greet with at least a tinge of suspicion a traveling health organization of this kind, the state association officials admit, because the quacks of a past generation so often used similar methods to sell their wares. It asks nothing of the public. It is not for it to be given an opportunity to help the people who are afflicted with tuberculosis.

But on the other hand the public is not to look upon this as a charity, the state association declares. There is not the slightest suggestion of charity about it. It is a service which the people of Michigan are conducting for themselves. The people as a whole are interested in the eradication of tuberculosis. It is good business to do everything possible to curb this disease. The Michigan Anti-tuberculosis association is merely the agency through which the enlightened health forces of the state do their work. Persons of wealth can feel just as free to attend the public clinics for the purpose of being examined as persons in utter destitution. The service is for all and all are invited to make use of it. Those who come first will of course be served first.

ALL CHURCHES COMBINED

Religious Census of City Will Be

NEARING END

National Prohibition Amendment
Needs Only One More State.

Indications are beginning to point strongly towards the end of the liquor traffic in the United States, as national prohibition by constitutional amendment becomes nearer to a reality, 35 states having ratified the amendment up to Wednesday. It is certain that others will have ratified the amendment before Saturday night and it may be part of the constitution by that time.

As the amendment calls for the ratification by thirty-six of the states (three-fourths of the states of the union) before it becomes a portion of the constitution of the United States, it is very probable now that the amendment will soon be in effect, as it is certain to be carried in the needed number of states.

California has ratified it, but the liquor forces are holding the measure from the governor by a temporary court order. It is stated that there is little question but what California's action cannot be changed.

One more state must ratify the amendment before national prohibition can be secured, and the regularity with which the states have ratified the amendment, indicates that the needed one will be forthcoming very quickly.

The states which have so far ratified the amendment to the constitution for the adoption of nation-wide prohibition are Arizona, California, Delaware, Florida, Georgia, Idaho, Kentucky, Louisiana, Massachusetts, Michigan, Mississippi, Montana, N. Dakota, Ohio, Oklahoma, S. Dakota, South Carolina, Tennessee, Texas, Virginia, Washington, West Virginia, Illinois, North Carolina, Alabama, Indiana, Arkansas, Kansas and Colorado, New Hampshire, Oregon, Iowa and Utah.

ALMA SELECTED

Name of U. S. Ship to be the Same
as That of City of Alma

At a meeting of the local Liberty Loan committee held Friday afternoon in the office of L. A. Sharp, it was unanimously voted to give the name, "Alma," to the ship awarded to Alma for naming, by virtue of lending the state on the Fourth Liberty Loan in the class of Michigan cities of under 10,000 population.

The meeting was called to order by L. A. Sharp, chairman of the city organization. H. M. Dunham was elected secretary of the meeting, following which the name of the ship was selected.

The name selected is to be forwarded to the headquarters of the Loan Committee for the seventh Federal Reserve District, and then to the Emergency Fleet Corporation.

It was decided to leave the matter of naming a sponsor for the ship open for the present time, while seeking additional information in this respect from the loan headquarters in Chicago. It is expected that some lady of the city, who worked in behalf of the Fourth Loan in Alma, will be selected as the sponsor of the ship at some later meeting.

Those present at the meeting were: W. Robinson, county chairman; L. A. Sharp, city chairman; Dr. Graham, C. P. Brown, H. M. Dunham, V. P. Cash, J. W. Blakeley and J. F. Sartor, Jr. W. A. Bahke, John C. Chick and Mrs. Gargett, members of the committee, were unable to be present.

TO ASK CHANGE

To Ask Venue Change for Mrs. Inez Johnson.

It is expected that about the middle of next week the attorneys for Mrs. Inez Johnson, of this city, who is held in the county jail awaiting trial on a charge of first degree murder, will present a petition to the court asking for a change of venue for her, probably on the grounds that a fair and impartial trial cannot be secured for her in this county.

The Alma woman has been in jail for over a year, awaiting trial on this charge, she having been arrested during December, 1917, at the same time that Albert Elchorn and John F. Brennan were arrested. Like the first two tried, she is also charged with first degree murder, resulting from the death by strangulation of Miss Beatrice Epler on the night of September 4, 1917.

STUDENTS TO GIVE

PLAY NEXT WEEK

Juniors and Seniors of Alma
High School Will Give Comedy
Next Thursday

The members of the Junior and senior classes of Alma high school will present the play "Green Stockings," a comedy in three acts, in the high school auditorium, Thursday evening, January 23rd.

The plot of the story, although a farce, is both amusing and interesting. Celia Faraday, the eldest daughter of the Faraday family has worn, according to custom, green stockings at the wedding of her two young sisters. Fearing that she may be forced to do so again in the event of the marriage of her youngest sister, Phyllis, whose engagement to Robert Turner has just been announced, Celia invents a story of her own engagement to a fictitious Colonel Smith. The remainder of the plot is based upon the amusing incidents which occur at the appearance of a real Colonel Smith.

The cast of characters is as follows: Celia Faraday—an unaffected woman of 29, with a sense of humor—Ruth Schultz.

Mrs. Chiselm Faraday—a florid, quick-tempered, warm-hearted woman—Mildred Carner.

Colonel Smith—a dignified, dryly humorous man—Ward Pembroke.

William Faraday—a fashionable, superficial and thoroughly selfish man—Frank Notestein.

Phyllis—the youngest sister, a charming and pretty but thoughtlessly selfish girl—Marguerite Fields.

Robert Turner—an empty headed young swell—Frank Neal.

Madge (Mrs. Rockingham)—Elsie Struble.

Evelyn (Lady Trenchard)—Handsome, fashionable woman—Fay Bartling.

Admiral Grice—a testy old gentleman with the manner of an old sea dog—Don Dunham.

Henry Steele and James Raleigh—two young men—Kenner Miller and Carl Wood.

Martin—a dignified old family servant—Dale Grover.

"Green Stockings" is one of the few standard plays, suitable for production by high school students and abounds in interesting situations. The receipts will be placed in the high school piano fund.

CHURCH OF CHRIST REVIVAL

The special gospel services in progress at the Church of Christ this week are proving very popular. Large audiences have been in attendance from the very start and on Sunday night after every available foot of space had been utilized people were turned away. A number of converts have already responded to the invitations and the present campaign promises to be one of the best in the history of this congregation.

Mr. Smithson, the evangelist in charge, is a very clear and forcible speaker and holds the interest of his audiences from the beginning to end. Leon R. May, who is in charge of the large chorus, is rendering very efficient service as soloist and leader of song.

Evangelist Smithson has announced the following attractive subjects for the rest of this week: Friday night—"The Unpardonable Sin"; Saturday night—"The Gospel Train" (Illustrated); Sunday a. m.—"Will the Dead Rise Again?"

Sunday p. m.—"The Sinner's Coming of Christ"; Sunday 7 p. m.—"Seven Reasons Why I Do Not Belong to a Denomination."

RIFLES ARRIVE

Company 87, Michigan State Troops, has received its allotment of rifles from the state, and are now being used on drill nights in place of the rifles of the high school cadets which have been used in the past. It is also stated that the company has received its six months armory allotment of \$250.00.

It is believed by the officers of the Alma company that it is the intention of the state to incorporate the Alma company into the new Michigan National Guard in the near future.

FRED VON THURN DIED TUESDAY

Former Alma Boy Was Manager
of Triangle Truck Company
of St. Johns.

INFLUENZA CAUSED DEATH

Held Responsible Position With the
Republic Before Going to
New Concern.

Fred Von Thurn, former employee of the Republic Motor Truck Company Inc., of this city and for the past year and a half, general manager of the Triangle Truck company of St. Johns, passed away at his home in that city on Tuesday evening, January 7, following a week's illness of influenza and pneumonia. His death was a shock to his large circle of friends in this city, where he had worked for many years.

Fred Von Thurn was born October 20, 1882, at Helena, Ohio. He was the son of Mr. and Mrs. Jacob Von Thurn. When still a lad he moved with his parents to a farm near this city. For about sixteen years he had lived in Alma, during the greater part of which time he had employment with the Alma Manufacturing company and the Republic Motor Truck Company Inc. At the time of severing his connection with the latter concern he held the position of works manager and consulting engineer.

He went to St. Johns in July, 1917, to take the position as general manager of the Triangle Truck company of that city, an organization which had just been formed. Since going there he had engineered, perfected and placed on the market, the Triangle truck.

Mr. Von Thurn was married to Miss Effie Amy Tokosha, Michigan, December 29, 1919. Besides his wife, he leaves to mourn their loss, his mother and sister, Ruth, of this city, three brothers, Rev. Robert of Hibbing, Minn., Ralph of Tulsa, Okla., and Lester of Camp Gordon, Ga.

During his residence here Mr. Von Thurn had gained the respect of a large circle of friends. He was a Christian gentleman of the highest integrity. Shortly after moving to St. Johns he was elected as superintendent of the Congregational Sunday school, which position he held at the time of his death.

Short funeral services were held at his home in St. Johns last Thursday, conducted by Rev. Delzell of the Congregational church, following which the remains were brought to this city and placed in the vault at Riverside cemetery.

TWO GAMES

College Meets Olivet and High
Schools Clash With Owosso.

Two good games are scheduled for the local high school gymnasium Friday evening, when the Michigan Interscholastic basketball ball race is put under way in the Olivet-Alma college game, and the high school five meets the Owosso quintet.

Olivet, usually in the Michigan Interscholastic title hunts to the end of the season, is coming to Alma with what is reputed to be a strong bunch of basket players, which should give Helmer's shifty court men a hard battle for the honors of the evening.

The Crimson has a reputation of always putting out a team of fighters, which in past years has consistently given Alma its hardest battles. There has always been a clean but hot rivalry between Alma and Olivet, which has lent an additional interest to Olivet-Alma bouts.

The high school fans are expected to see a good scrap between Maxwell's green five and the Owosso high team. With the prospects for the best court machine in several years Maxwell has been working his men hard and the team which will go against Owosso will be working much smoother than the five which played the Mutes last week.

The way things look now, it would not be surprising if a double victory came Alma's way Friday evening, and both high school and college fans are pulling together for the double victory.

TRAINING HARD

Femby and Saroski Working Hard
For Match Here Next Week.

"Ernie" Femby, local wrestler, who is matched to meet Saroski, the Polish giant in the first of a series of shows to be staged by the Alma Athletic club, is training hard for his match at the Republic plant and promises to be in the pink of condition, and ready for a hot go, when it is time to go to the mat with the giant.

Word from Lawrence, manager of the Polish giant, indicates that he has discovered that Saroski has a big job on his hands in handling Femby and as a result Saroski is working hard, tooth and nail to get in the best of shape for the match. Both men will be ready to give the fans their full money's worth next week Friday night, when the two meet at the skating rink here under the auspices of the Alma Athletic club.

Manager Harmon has secured some likely young man to mix it in the preliminaries, so that the fans will see two good contests before the big bout of the night is pulled off.

Manager Harmon has stated that arrangements are being made for 600 seats, the first two rows of which will be reserved.

It has been stated that if Femby succeeds in downing the Polish giant that Chris Saroski of Detroit will be brought to Alma for a match the fore part of February.

CELEBRATED ANNIVERSARY

Alma Lodge No. 244, F. & A. M.
Commemorated Fiftieth
Birthday.

EXERCISES LAST EVENING

Many Good Addresses Were Given to
Mark Big Masonic Golden
Anniversary.

Wednesday evening, January 15, Alma lodge No. 244 F. & A. M., held its golden anniversary, the lodge having been in existence just fifty years.

The event, the result of months of planning by the officers and members of the Alma lodge, was the biggest night in its history, and drew what was perhaps the largest gathering of Alma Masons who have ever attended a lodge function in a single evening. Most of them were accompanied by their wives, and when the program opened at 8:00 the lodge rooms were crowded.

The program was opened with a selection by the Masonic orchestra, which was followed by the addresses of welcome by Worshipful Master, Howard C. Lake, who was installed in the office at the beginning of the year. In the name of the lodge he made welcome the guests of the evening. The invocation was given by J. Frank Jackson, chaplain of the lodge.

After a vocal solo by Frank F. Smith, Past Master J. M. Montigel gave the history of the lodge, dwelling on its early life to a considerable extent, its struggles upward toward a successful, growing organization, due to the zeal of its few charter members of half a century ago, and gradually brought the history down to the present time, when the lodge is growing rapidly and becoming a big influence for good in the community.

The presentation of the past masters of the lodge was made by Past Master J. N. Day. Marcus Pollasky, one of the oldest of the local Masons, with a membership in the local lodge of about forty years, was called upon for the address, "Our Golden Anniversary." It was highly fitting of the occasion and held the close attention of the audience.

The roll call of the soldier members of the lodge was given and was followed by the "Tribute to Our Flag" by H. A. Graham. In his customary highly interesting way, the tribute was given.

The entire audience rendered the Star Spangled Banner, and then Past Grand Master Herbert Montague lifted the veil of the future and told of Alma Lodge No. 244 fifty years hence.

The program was followed by a splendid banquet, which was thoroughly enjoyed.

Between the various addresses, and before the banquet music was furnished by the Masonic orchestra, the various selections being well greeted by those who attended the function. The Trumpet Quartette and Frank F. Smith also furnished some enjoyable selections.

During the coming month the Economy Shoe store will be completely remodeled, it being the desire of the owners, A. A. and J. C. Chick, to make this store the finest of the kind in this section of the state and an institution that will compel attention in Alma.

The display windows will
